## 1 Introduction

On 24 March 2021, Regulation (EU) No 2021/523 of the European Parliament and of the Council establishing the InvestEU Programme was adopted (“InvestEU”).

Pursuant to the agreement between the European Union (the “EU”), the European Investment Bank (the “EIB”) and the European Investment Fund (“EIF”) dated 7 March 2022 the EIF has been entrusted by the EU to implement part of the InvestEU through various financial products, including capacity building investments to build up the institutional capacity of micro-credit, social finance and skills and education finance providers.

Under InvestEU, through the use of capacity building investments, EIF will contribute to the InvestEU policy objectives of improving the competitiveness and socio-economic convergence and cohesion of the EU. Microfinance, social entrepreneurship and skills and education finance are still recent developments in Europe and are part of an emerging market ecosystem that is not yet fully developed. Thus, public support for the intermediaries providing financing in these emerging segments is still needed to help them build up their institutional capacity, in particular when they have not yet reached sustainability or their need to sustain their growth and development.

The purpose of this Open Call for Expression of Interest (the “Call”), launched by the EIF in cooperation with the European Commission (“EC”), is to select eligible Financial Intermediaries to benefit from InvestEU CBI Product, as further described below and in accordance to the terms applicable under InvestEU.

All applications for the InvestEU CBI Product to be submitted to the EIF should be in accordance with the terms of this Call.

## 2 InvestEU Capacity Building Investment Product

Under the InvestEU CBI Product, EIF shall support dedicated investments in selected Financial Intermediaries mainly in the form of subordinated loans. Such dedicated investments shall be used by the selected Financial Intermediaries primarily, but not limited to, for the purpose of:

- a. investing in their organisational development and expansion, including branch expansion, scaling up or building up of IT infrastructures (e.g. mobile banking, etc.), investment in human resources such as recruitment and training of staff;
- b. strengthening their operational and institutional capabilities aiming at contributing to their sustainability; this includes, inter alia, investments in working capital and in improving the strategic/governance capabilities in order to maintain a balanced business, financial sustainability and social performance focus; and
- c. institutional capacity building to increase their indebtedness capacity while supporting them to retain a balanced socio-commercial orientation.

Investments made under this product are not directly linked to the origination of a portfolio of loans in microfinance, social entrepreneurship or skills and education finance. However, in order to be eligible for investment, the financial intermediary should be primarily operating in the microfinance, social entrepreneurship finance and/or skills, education and training finance spaces and should be able to provide financing to and/or serve the Target Areas as further described in the Annex II to this Open Call for Expression of Interest.

### 3 Eligible Financial Intermediaries

This Call is addressed to potential Financial Intermediaries established and operating in any Member State of the European Union or Overseas Country or Territory linked to a Member State ('OCTs')<sup>1</sup>, or as updated in this Call from time to time.

Financial Intermediaries shall:

- a) represent that they are not in any of the Exclusion Situations, as further described in the Annex I of this Call;
- b) comply with the relevant international and EU standards and legislation, where applicable, on the prevention of money laundering, the fight against terrorism, tax fraud, tax evasion and artificial arrangements aimed at tax avoidance and shall not perform any illegal activities;
- c) not be established in an NCJ, unless the CBI Operation or the project being financed by the CBI Operation, as applicable, shall be physically implemented in the relevant NCJ and shall not present any indication that they support actions that contribute to (i) criminal activities such as money laundering, financing of terrorism, tax crimes (i.e. tax fraud and tax evasion) and/or (ii) wholly artificial arrangements aimed at tax avoidance;
- d) not be subject to Restrictive Measures;
- e) In the case of Financial Intermediaries active in the Microfinance space, the applicant has to comply with or endorse (in the case of applicants holding a banking license) the European Code of Good Conduct for Microcredit Provision, and
- f) In addition, the Financial Intermediaries active in Microfinance should offer, directly or indirectly, business development services (including but not limited to mentoring, training, coaching) for the Target Areas.

### 4 Compliance and Integrity Principles

The EIB Group Anti-Fraud Policy<sup>2</sup>, the EIB Group Policy towards Weakly Regulated, Non-transparent and Non-cooperative Jurisdictions and Tax Good Governance<sup>3</sup> (the "EIB Group NCJ Policy"), the EIB Group Anti-Money Laundering and Combating Financing of Terrorism Policy<sup>4</sup> (the "EIB Group AML-CFT Policy"), the EIF Transparency Policy<sup>5</sup>, the Guidelines on EIF Restricted Sectors<sup>6</sup>, the EIF Environmental, Social and Corporate Governance (ESG) Principles<sup>7</sup> and the EIB Group Whistleblowing Policy<sup>8</sup>, shall apply to all CBI Operations under InvestEU.

The EIB Group is committed to continue maintaining a stringent policy against tax fraud, tax evasion, tax avoidance as well as money laundering and terrorism financing.

All EIF operations are assessed in line with the due diligence standards promoted by the EIB Group AML-CFT Policy and the EIB Group NCJ Policy. Operations with NCJ links are subject to enhanced due diligence to determine whether:

## 6 The Selection Process

The Applicants will be selected in accordance with the EIF rules, policies and procedures and to the specific types of operations supported under InvestEU, at the time of signature of the relevant operation (as may be adapted or modified from time to time). The EIF regularly reviews its guidelines and procedures, both in the context of regular annual reviews as well as in the context of EIB Group developments, for example relating to EIB Group compliance standards.

Financial Intermediaries will be selected with due consideration to the general principles of transparency, equal treatment and non-discrimination while avoiding conflict of interests and in compliance with EIF's policies, rules, procedures and statutes and in conformity with best market practices.

The selection process of each Applicant typically comprises the following stages (as per below), provided that each preceding stage was concluded with a positive result. EIF may perform streamlined screening or due diligence process for Financial Intermediaries with whom EIF has a previous experience and to the extent EIF already has the required information. This right will be exercised at the discretion of the EIF.

- Stage 1: Screening
- Stage 2: Due Diligence
- Stage 3: Approval Process
- Stage 4: Negotiation and signature

The selection process includes the EIF's assessment of the expected performance and of the policy fit of the proposal, as set out in Section 6, at the relevant stages of the selection process.

### 6.1 Screening (pre-selection)

Stage 1 shall entail a first assessment/screening of whether the proposal can be taken forward.

The EIF shall assess applications on a continuous basis and on a "first come, first assessed" basis, using professional analysis and judgment.

The pre-selection comprises of:

1. Formal assessment of the application; and
2. Impact and quality assessment of the application

Only applications that meet the formal criteria, as further described in section 6.1.1 below, may continue through the impact and quality application assessment process.

#### 1. The Applicant:

- a) is established and operating in one of the Eligible Countries;
- b) is or will be authorised to carry out their business under the applicable regulatory framework;
- c) is not established in a Non-Compliant Jurisdiction, unless the CBI Operation or the project being financed by the CBI Operation, as applicable, are physically implemented in the relevant Non-Compliant Jurisdiction and do not present any indication that they support actions that contribute to (i) criminal activities such as money laundering, financing of terrorism, tax crimes (i.e. tax fraud and tax evasion) and/or (ii) wholly artificial arrangements aimed at tax avoidance;
- d) makes the representation set out in items 1, 4 and 5 of Annex I - *Expression of Interest*;

#### 2. The Expression of Interest has been submitted and prepared in accordance with the Call and that all representations, information and supporting documentation required thereunder have been provided (in the form requested, where specified).

The applications that do not conform to the formal criteria are rejected. If the Applicant does not comply with the formal criteria, the entire application is rejected.

### 6.1.2 Impact and quality assessment of the application

After the formal check of the received Expressions of Interest and after having obtained any additional information or clarifications from the Applicants, if and as needed, the EIF will pre-select the Applicants based on the results of the **quality and impact assessment** of the applications received.

The quality and impact assessment criteria set out in this section 6.1.2 are assessed at the discretion of EIF with equal importance, which means the pre-selection process does not give specific weight to any one of these criteria. Based on its assessment EIF will assign the “quality” score and “impact” score to an application.

Applications for the InvestEU CBI Product, for which the “impact” score is assessed as “Low” will be rejected.

The remaining applications will be placed on a reserve list, which will remain available for pre-selection until the deadline of this Call. Such applications may be progressed to a further stage at a later date, at EIF discretion, taking into account demand and budgetary availability.

In the **assessment of the impact** of the application, EIF will base its assessment on the following criteria:

- a) Experience and ability of the Applicant to finance, or facilitate finance to the specific Target Area and/or the impact on specific Target Areas indicated in the application, in light of the Capacity Building Investment. This shall be assessed by the EIF based inter alia on: track record of lending to the specific/targeted final recipients, including in managing operations supported by the EIF, and the business plan for the Capacity Building Investment;
- b) Quality and plausibility of the proposal, with particular focus on the implementation roadmap, and rollout strategy, previous experience working with international financial institutions, etc.

In the **assessment of the quality** of the application, EIF will base its assessment on the following criteria:

- i. Social mission, strategy and business outlook
- ii. The capacity of the Financial Intermediary to mobilise third party resources for the purpose of the, or by using CBI Operations
- iii. Compliance assessment (KYC/AML screening and tax integrity)
- iv. Social performance assessment  
The following parameters will be considered in the assessment:

  - iii. Respect of client's protection principles (e.g. fair pricing, prevention of over-indebtedness, privacy of client data, fair treatment of clients, etc.)
  - iv. Balance between social and financial performance
- v. With respect to the Microfinance Portfolio Guarantee Product only, the ability of the Applicant to provide or sub-contract mentoring and training programmes for Final Recipients (including the follow-up of Final Recipients before and after the creation of a micro-enterprise), if applicable.

**b) Financial standing of the Applicant**

In any phase of the selection process until and prior to entering into a CBI Agreement with an Applicant, the EIF reserves full discretion as to whether to consider or not consider an Applicant, and no Applicant shall have any claim or other right or may expect to be ultimately selected as a Financial Intermediary in

the context of InvestEU. Any negotiation of terms and conditions of the CBI Agreement(s) by no means entails any obligation for the EIF to enter into such CBI Agreement with the relevant Applicant.

At any stage of process, the EIF may communicate, via e-mail, to the relevant Applicants whether their Expression of Interest has been taken forward, rejected or placed on a reserve list.

Those Applicants, whose Expression of Interest is rejected at any stage of the selection process, shall have the right to submit a written complaint by e-mail, within thirty (30) days of receipt of the rejection notice. Any complaints will be dealt within the framework of and in accordance with the EIF Group complaints policy<sup>11</sup>.

## 6.2 Due diligence

Pre-selected Applicants will progress to the due diligence process, which will be carried out in accordance with the EIF's internal rules and procedures.

The aim of the due diligence is to assess the counterparty risk of the Applicant; to confirm the operational and financial characteristics of the Applicant, as well as to investigate in details the proposed Capacity Building project and its impact onto the specific Target Area.

The due diligence may comprise an on-site visit, which shall be at the discretion of the EIF. The due diligence process does not comprise legal negotiations.

Such due-diligence assessment will be carried out, with a main focus on, inter-alia:

Following positive outcome of the due diligence (and prior to entering into a CBI Agreement with an Applicant), the proposal to be supported under InvestEU shall be submitted by the EIF to its relevant decision making bodies for approval (stage 3).

EIF has no obligation to enter into a CBI Agreement with a selected Applicant. The participation of any institution will depend, inter alia, on the budget available for the InvestEU CBI Product and other considerations made by the EIF such as, without limitation: outcome of the due diligence, impact of each envisaged CBI Operation and result of negotiations with the Applicant. Furthermore, EIF can only enter into operations which have received a favourable opinion from the European Commission in the context of the policy check process, and have obtained an approval from the Investment Committee.

## 8 Publishing of information

EIF shall publish on its website each year a list of Financial Intermediaries supported through the programme, which shall include for each Financial Intermediary, the name, address, and the financing form, as well as the amount of financial support received under the CBI Operation.
